### MAKE IT YOURS

The ICAROS Cloud has add-on interfaces and power loops, which can be used for an ICAROS Cloud setup to match your body measurements, to upgrade your training and to match your abilities.

### QUICK SETUP & EASY STORAGE

The Cloud comes in one package - just unfold, inflate and adjust to your size to begin your training experience. After your workout, the Cloud can be deflated and stowed away easily.

### YOUR SIZE MATTERS

### ELASTIC - POWER

**ICALETHICS**

The exercise software offers an effective combination of workouts, developed by sports scientists. Exercising with ICALETHICS improves strength, coordination and balance. Functional muscle groups react fast and continuously to stabilize the body on the ICAROS Cloud. Training on a regular basis will result in an overall

stability enhancement. The system's digital layer will enable you to improve faster through precise measuring and data-based visual guidance. Track your training progress on the ICAROS Hub and compare yourself with your personal benchmark.

**FLY YOGA**

FLY YOGA is going deep. This intense exercise program takes your sense for balance to the next level. The training will improve your range of motion, core strength and balance.

**CORE**

A healthy back is the result of improved stability, functionality and reactivity of your core. This exercise program guides you through an effective and complete core workout developed with leading sports scientists.

**FAST FORWARD**

Speed up your muscles. This body control and reaction exercise will boost your physical performance. FAST FORWARD. Due to a lot of reactive exercises the focus of this program is to build smart muscles and enhance muscle memory.

**POWER UP**

Push yourself to the maximum. POWER UP attacks every muscle in your body. Focus on clean repetitions and build up muscle mass.

**EXERGAMES**

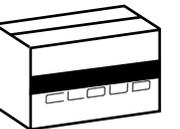

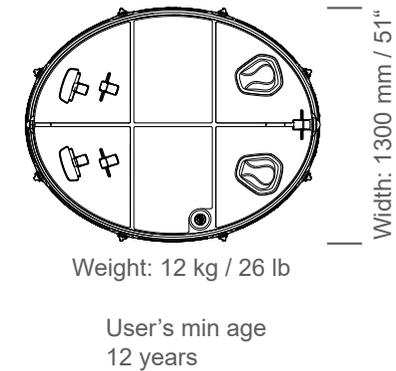

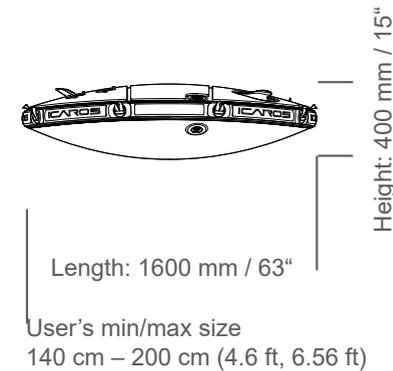

Our goal is to motivate you by creating the most entertaining and effective exercise experiences. ICAROS' exergames so much fun you don't even notice that you're working out. Choose between several games from sprinting to classics like the Brick Breaker and improve your fitness level.
