

Stability training with the ICAROS Guardian - playfully easy, safe, and effective

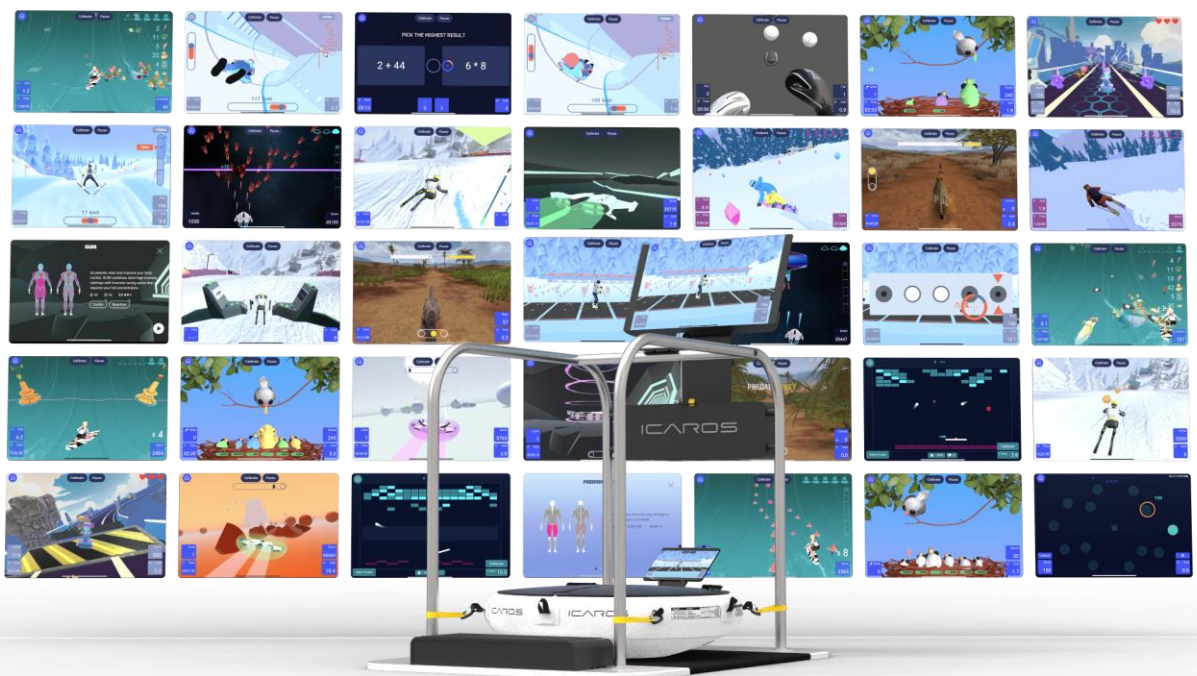

ICAROS combines effective training with gamification.

Maximize your therapy success with ICAROS Guardian, the award-winning balance training system. Equipped with cutting-edge technology, the ICAROS Guardian trains coordination, balance, and reflexes in a playful yet safe manner - efficient and effective.

Ideal for all age groups, this system perfects the training of balance, stability, and postural control. With the ICAROS Guardian, you achieve maximum therapeutic success with minimal staff involvement. Make the ICAROS Guardian a cornerstone of your therapy offerings.

Effective and Motivating Training with the ICAROS App

The ICAROS app offers a wide array of engaging and motivating Exergames for various applications. From cognitive-motor training to High-Intensity Interval Training (HIIT), the library is continuously updated with new training scenarios.

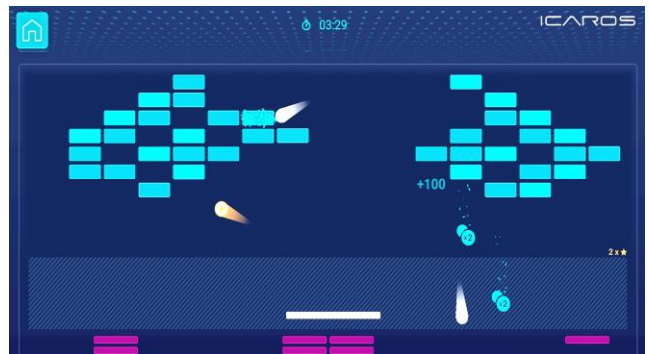

More motivation and success for your patients.

Stability training can be monotonous and progress is often difficult to see. With the ICAROS Guardian, you can increase your patients' motivation. The exercise is versatile, varied, and measurable through specifically designed games.

Choose from different subscription models: Monthly (€16.99), Annually (€149.99), or Lifetime (one-time €599.99), all prices include VAT.
